

Hyundai Foreign School Continues to Operate!

Hyundai Foreign School (HFS), which is located in the Seobu Foreigners' Compound in Dong-gu, Ulsan, is the only foreign school in Ulsan. HFS has catered to the educational needs of foreign children and the local community for the last three decades.

Hyundai Heavy Industries has sold the compound and HFS will move to the Hanmaum Community Center for the 2018-2019 school year before moving to a new purpose built permanent site at Ulsan College for the 2019-2020 school year.

The following chart indicates the levels and ages of our students for 2018-2019:

Class Levels	Ages
Early Years	3-4
Primary School	5-10
Secondary School	11-13

Hyundai Foreign School will continue to provide a top quality International education for foreign and eligible Korean students well into the future! Don't take our word for it, come in and visit anytime!
