

Hyundai Foreign School Relocates to Hanmaeum Center

Hyundai Foreign School (HFS), which is the only foreign school in Ulsan, has recently relocated to a new site, at the Hanmaeum Center in Dong-Gu, Ulsan. Having catered to the educational needs of children from overseas and the local community in Ulsan since September 10, 1982, HFS is now well-equipped to carry on its role as the hub of international education in the area.

The following chart indicates the levels and ages of our students for 2018-2019.

| Class Levels | Ages |
|--------------------------------|-------|
| Early Years (FS1) | 3-4 |
| Primary School (FS2, Year 1-6) | 5-10 |
| Middle School (Year 7-9) | 11-13 |

At an entirely renovated third floor of the Hanmaeum Center, where the school has relocated, students can enjoy learning in a student-friendly classroom environment as well as do PE lessons and after school activities in spacious indoor gymnasiums, outdoor futsal fields and in indoor swimming pools. Hyundai Foreign School will continue to provide top quality international education for both foreign and eligible Korean students well into the future.
