3. Lunch Boxes - Comments

- *Hope it proceeds without any issues :)*
- *From tasting day Company A food seemed very salty*
- *Maybe the sauce could be separated in case the kids don't like it.*
- *I would really like it to be pure organic products without pesticides and antibiotics. 무농약 무항생제 동물복지*
- *Thank you for considering the lunch catering service. :)*
- *It would be nice to alternate the menu between Korean and Western food.*
- *Thank you.*
- *(Student Name) is a fussy eater but mum is very keen*
- *Not too much seasoning and have sauces on the side.*
- *For non pork eater, I assumed there will be an option to replace pork with other protein and omit it from the lunch box? Thank you!^^*
- *Since (Student Name) is not willing to try new food, It will be nice to have the option to choose the menu on a daily basis and pay for ordered lunch only*
- *Just nice to try the bento*
- *Don't make it to salty or spicy*

3. Lunch Boxes - Comments

- *I really want the lunch box service:)*
- *My kid doesn't need lunch boxes so much.*
- *As (Student Name) not eating pork, we would like to know if they can provide menu without pork .*
- *The service seems to be excellent but as (Student Name) is vegetarian, she would like to carry lunch box from home.*
- *I really want it!*
- *If can add noodle menu. Thanks*
- *I think it's important to have a healthy and good lunch.*
- *(Student Name) has mild shrimp allergies*
- *My kids are not sure they want to have the bentos every single day, they would prefer an option to sometimes bring lunch from home.*
- *We want it.*
- *This idea might work provided there are some options for each day to be previously chosen by the student or the family.*
- *Thank you for this opportunity! I am very excited to use this service for both my boys! I highly suggest updating families of the biweekly lunch menus with photos to ensure parents of continuous quality of food and better meal planning at home for dinner (as not to repeat same menu as lunch).*
