Maths						Number and Problem Solving		Geometry and Problem Solving		Geometry and Problem Solving		Handling data and Problem Solving					
PE		Target Games Players score when they successfully throw or strike an object closer to a target than their opponents were able to. Tactical problems related to target games include shot selection, judging distance, preventing points, and protecting the shot. Examples include golf, archery, bowling				Striking and Fielding Games Players on the batting team strike an object and attempt to run between two points before the fielding team can recuperate the object. The teams exchange roles, cricket, softball and kickball				Cooperation Games Players need to work together to find solutions to group/individual challenges. Cooperation games put an emphasis on team building, communication and trust. Tactical problems relating to cooperation games include communication, cooperation, teamwork, trust, and problem-solving
